## Right Styles in Overcoats And Nothing to Compare with the Bigness of This Stock Has Ever Been Shown by Us Before

It's easy to find just what you want in an Overcoat here. The completed fall-winter stocks are now ready. The big racks and cases in the Men's Clothing Store, Main floor, just inside Tenth street entrance, are hanging full of the best-looking Overcoat styles we have ever invited men to see.

At no time in our entire career have our stocks shown so distinctly the advantages of making selections at this Men's Store. Styles to appeal with equal degree to the needs and tastes of all men.

### The Fine Dress Overcoats

In Chesterfield and slightly body-tracing models and the more loosely fitting styles. Single and double-breasted, with self or velvet collars and full silk or yoke lining. They are made of the finest fabrics obtainable in foreign and domestic markets. Among the very elegant weaves in coats of distinction are the Isaac Carr Meltons in Oxford and plain black; Hockanum's Cheviots and Cassimeres; Huddersfield English Montagnacs. Handsome, warm and dressy.

\$25, \$30, \$35, \$40, \$45, \$50, \$60 and \$70.

### The New Military and Belted Overcoats

Genuine utility and smart style in the coats; the belts, plaits and pockets give smart touches; several stylish variations of the Trench coat; single and double-breasted and pinch-back models, with fitted and full skirts. They have convertible collars, plain self-collars and ulster collars. Snappy styles for students, young business men, college men—all men wanting the latest types of coats.

### The London Ulsters or Great Coats

Nothing can equal one of these warm, staunch and sturdy coats for motoring, traveling and general cold-weather wear. They are exact reproductions of Killgore's London Ulsters and are leaders of their type. They are really marvelous creations of the tailor's art. Handsome, soft, elegant fabrics of great thickness, but very light-weight. Dark, distinctive colors; Scotch and English weaves, heather shades, subdued plaids.

\$25, \$30, \$35, \$40, \$50 and \$60.

## Men Are Now Asking for Derby Hats

As Soon as It Becomes Cool Enough for Overcoats Men Turn to the Stiff Hat.

We are showing all the correct Fall Blocks, notable among them being Stetson's "Philadelphia" and "Exclusive" models, which combine all the essential features of style and those that have made Stetson so noted—light weight, self-conforming to the head, affording the same comfort and pleasure in wearing as a stiff hat.

\$4.00 and \$5.00 each.

Our Own Makes in Derby Hats, \$2 and \$3.  
 Main floor—F. S.

## First Showing of Men's New Gloves

Tan Cape-Gloves, mostly fancy stitched and black embroidered, \$2.00 and \$2.50 pair.

Natural Chamois Gloves, \$2.00.

Gray Suede Gloves, \$2.75.

Large floral patterns are favored, in solid tones or in slightly different colors either harmonizing or contrasting. Very elegant and exclusive designs of Persian and Paisley origin with a wealth of shades beautifully blended; regimental stripes, plain colors.

The choice in shapes still remains full large and generous the amplitude of material making a particularly attractive showing now that vests are cut lower.

\$1.00 to \$3.00.

Main floor—F. S.

## The Genuine Army FLANNEL SHIRTS

Highest Quality Made, \$4.50

Since we bought our very large supply of these Shirts the wholesale price has raised so much that it would be an impossibility for us to sell them at the moderate price of \$4.50 if we had to buy them today.

Genuine Wool Flannel, regulation model, with easy-fitting collar, double or lined chest and double elbows; well-fitting, easy-buttoning wrists.

In the workmanship and finishing of this shirt we have considered the fact that the men will be in the service without wife or mother to look after their clothes, and have had them made so well that they will not need restitching or resewing of buttons in any ordinary length of time.

The quality, the value, the warmth, the service, the style—all superior. \$4.50

Soisette Army Shirts, regular khaki color, for men who want a very light weight, \$2.00. Regulation Khaki Cotton Shirts, \$2.00.

All-wool Regulation Army Sweaters, two pockets. A finer grade of wool, very light, but warm, \$9.00.

Army Gauntlets—a driving glove especially for service use and splendid for the cavalryman; khaki flannel, with soft leather palm and finger tips; edges bound in leather; leather wrist strap; fleece lined; \$3.00 pair.  
 Main floor—F. S.

## THE CHARM OF THE NEW MILLINERY MODES IS WONDERFULLY EXPRESSED IN THESE

## Large Dress Hats and New Close-Fitting Hats

LARGE DRESS HATS for October brides, for afternoon affairs, restaurant and theater wear.

Striking, Picturesque shapes of Silk Beaver and Panné Velvet—with ostrich fancies in various and numerous effects used flat on the hat as bandings. Hats of black beaver, with plume of cerise and blue. New Blue Poke shapes, with broad front and narrow turn-down back, has two beautiful plumes of gray and black. Hats that roll high in back, in mushroom shape or large sailboats. But whatever the shape or trimming the beauty of it is in the new lines.

Black, of course, holds first place, though the browns, taupe and navy are also well represented.

\$14, \$16, \$25

Third floor—Eleventh st.

CLOSE-FITTING HATS OR TOQUES, in especially good models for motoring, shopping, street wear. Smart and different. They must not be confounded with the styles of other seasons that found their greatest favor from more matronly women. All women are now wearing them. First, because they are becoming and stylish and, second, because the veil is so easily adjusted over them.

Many distinctive small and medium shapes. Beautiful iridescent breasts finish many, others with hackle. One exceedingly attractive model is trimmed with small dahlias. The crown may be in the new Bishop shape or draped, but its treatment makes or mars the hat.

\$10, \$12, \$14, \$16
